The Red Cross emblem shall not be misused

ccording to the Geneva Conventions, the Red Cross emblem "+" is exclusive for members of the Red ACross and Red Crescent Movement for providing humanitarian relief and identification purposes. The emblem shall not be misused. In Taiwan, the Red Cross emblem "+" has become a generic sign of medical aid and is frequently misused by healthcare, pharmaceutical industry, security, cosmetic, computer repair center, postpartum care center, and etc. The general public is accustomed to it, which has undermined the protective and indicative uses of the emblem.

In order to rectify the misuse of the Red Cross emblem, TRC has been actively reporting the misuse cases. More work still needs to be done to push the government to establish a legislation for the protection of the emblem.

The Red Cross emblem "+" is established by the Geneva Conventions in August, 1864 exclusively for humanitarian relief works and is protected by the 196 countries that ratified the Conventions as well as all National Societies. Taiwan is not a party to the Geneva Conventions, however, as a civilized nation and a part of the global community, we shall abide by the Conventions and establish a legislation to protect the emblem's protective and indicative uses and specify the penalties for misuse or abuse. In line with our obligation, TRC has taken the following

- I. Request the Ministry of Foreign Affairs to write to central and local authorities to disseminate the specific purpose, value, and regulations of the Red Cross emblem "+" set forth in the Geneva Conventions and their Additional Protocols, protect the emblem, and prevent and prohibit any misuse or abuse.
- II. Request the Ministry of Economic Affairs to disseminate the specific purpose of the emblem and prevent and prohibit any misuse or abuse by any industrial or commercial enterprise or any related service industries.
- III. Provide explanation to the Intellectual Property Office (IPO), Ministry of Economic Affairs: The Red Cross emblem "👆" is a renowned humanitarian emblem exclusive for the International Committee of the Red Cross (ICRC), the International Federation of Red Cross and Red Crescent Societies (IFRC), and all National Societies. IPO shall take the protection of the Red Cross emblem into serious consideration when reviewing trademark registration applications regardless of the type of goods or services. Thereafter, IPO excluded the "red cross with a white background" pattern from the "Medical Cross Chart" of its non-exclusive announcement. IPO further published and went into effect the "Principle of Review for Trademarks Involving Cross Pattern" on 30th July 2019.
- IV. Request the Ministry of Health and Welfare to disseminate the specific purpose of the emblem and prevent and prohibit any misuse or abuse by any central or local public or private medical institution (including animal hospitals), pharmaceutical industry, cosmetic, food, and biotechnology industry.

中華民國紅十字會簡介

中華民國紅十字會成立於民國前8年(西元1904年),是國內最悠久的人道組織,至今已有116年歷史。

長期以來,中華民國紅十字會投入國內、大陸以及國際賑災不遺餘力,全力實踐紅十字運動所彰顯的博愛、人道、志願服務的精神。近**20**年來,我們致力推展紅十字運動,國際間發生重大災難時,迅速投入人道救援工作,不僅讓國際社會感受到臺灣民眾充沛的愛心,更受到紅十字國際委員會、紅十字會與紅新月會國際聯合會及各國紅十字會的認同及肯定。

在兩岸交流方面,本會與大陸紅十字組織早已建立良好的關係,雙方對於重大災害不僅合作賑災,平時無論水安訓練、青少年交流或緊急醫療、尋人等,都交流頻繁。

礙於國際政治現實,本會雖未能完備國際紅十字組織之會員資格,但仍積極參與各項國際會議與相關活動,不因會籍問題在人道議題上缺席。中華民國紅十字會長期蓄積的能量及軟實力,在國際間已不容小覷!

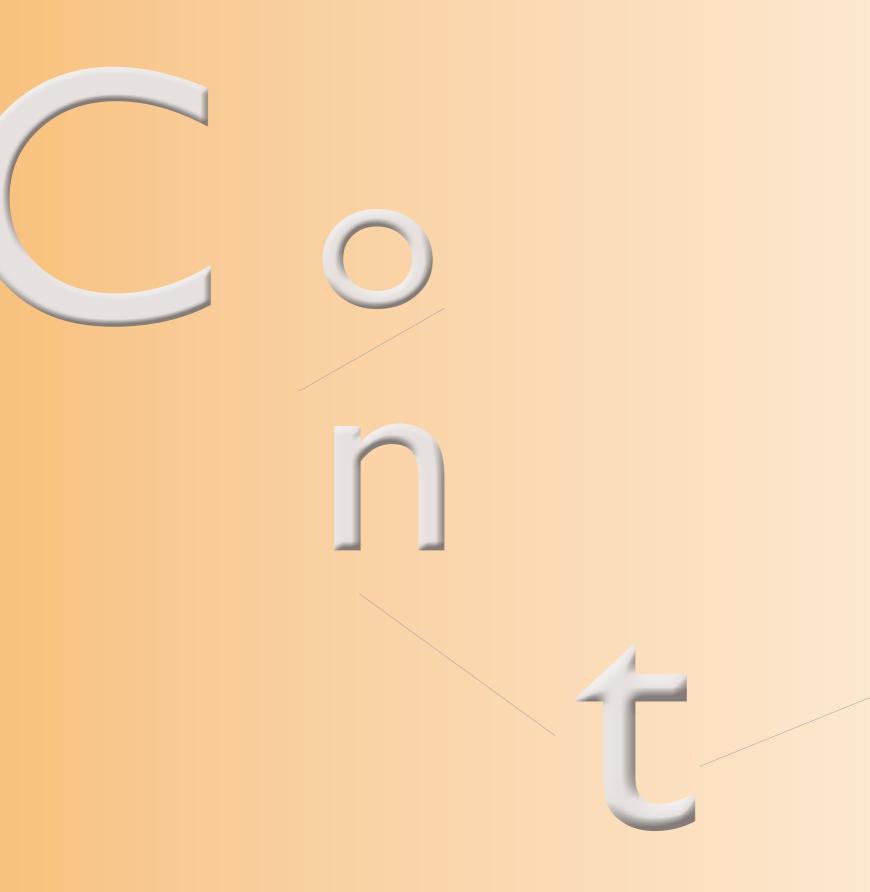

The Red Cross Society of the Republic of China (Taiwan Red Cross)

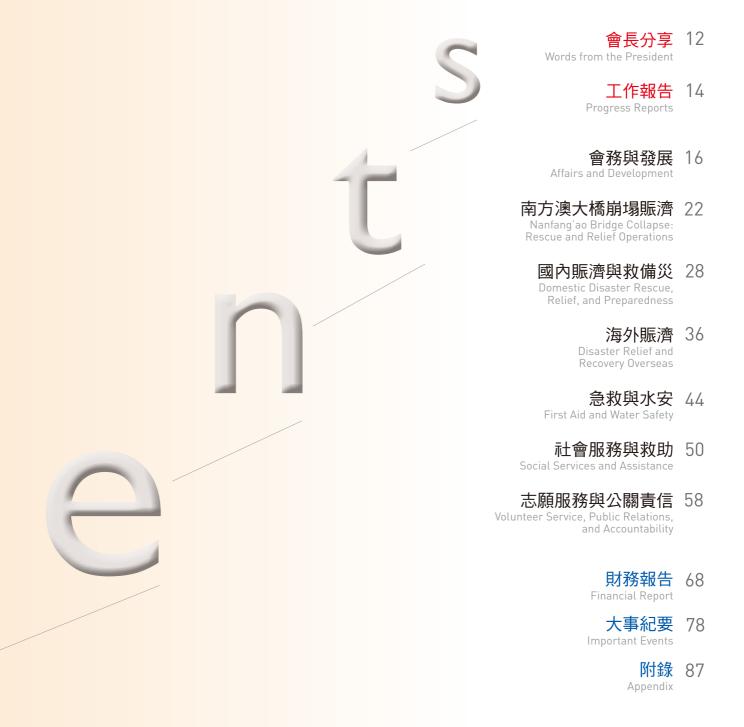

Established in 1904, the Red Cross Society of the Republic of China (Taiwan Red Cross) is the nation's longest-standing humanitarian organization.

Boasting a 116 year history, we have participated in domestic, cross-strait and international relief efforts, embodying the Red Cross spirit of universal love, humanity, and volunteerism. In times of international crisis, we have strived to work towards and promote the Red Cross spirit these past two decades, promptly responding to international appeals for humanitarian relief with the help of our volunteers. We have showed the world the compassion of the Taiwanese people, in turn earning the recognition and support of the ICRC, IFRC, and Red Cross societies worldwide.

Concerning cross-strait relations, the Taiwan Red Cross and Red Cross Society of China have long-since established a good basis for mutual trust and exchange. We have collaborated with each other not just in times of major disaster relief, but have also strived to interact on more frequent and friendly terms. In recent years we have worked together to organize water safety training and youth volunteer exchanges, in addition to providing cross-strait medical cooperation or missing persons tracing services.

The Taiwan Red Cross has been unable to be recognized as an official member of the IFRC due to political reality. We have worked long and hard to accrue a substantial amount of energy and soft power within the international community, and, regardless of our membership status, we will continue to actively participate in international meetings and related activities.

人道無界 大愛無限

2019年末,湖北省武漢地區傳出零星肺炎案例,沒想到庚子舊曆年後豬羊變色,新冠肺炎疫情全球大流行,年後至今迅速擴及全球186國家、地區,確診病例超過361萬、死亡人數突破25萬。春節期間^{清峰}與夥伴們就已投入這場影響全人類的抗疫大作戰,這是身為人道組織一份子義無反顧的任務,也是本會始終奉行的「人道優先」理念。

2016年7月,中華民國紅十字會法被廢止後,本會展開章程修正,除第11條及 第37條外,章程已於2019年10月7日奉內政部核備。此次修正,回復本會之名稱為「中 華民國紅十字會」,深化國際紅十字運動之內涵、改變紅十字會的組織結構,是紅十字會65年來的大變革。

「紅十字特殊標誌」依日內瓦公約是國際紅十字運動成員從事人道救援的專用標誌,有其特殊的人道識別性,非任何人可使用。但在國內卻普遍冒用,社會大眾亦習以為常,已傷害該特殊標誌的識別性。為正視聽,本會積極採取行動,已有成效,但要求政府立法並取締,仍有待努力。

回顧過去一年,花蓮備災中心歡喜落成;大臺北備災中心發包完成、積極建置中;0206花蓮震災及311東日本地震兩大賑濟專案皆已結案。2019年承接臺北市政府社會局「兒少水安知能宣導計畫」圓滿完成。本會積極籌設的「居家式長期照顧服務機構」,將於今年開辦。美國國際開發總署(USAID)補助辦理的「長者安全維護計畫」210場次的阿公阿嬤急救訓練及家庭照顧者培訓也已開展。

海內外賑濟方面,除了10月1日南方澳大橋崩塌事件,本會投入救災、發放傷亡慰問金外,我們也捐款賑濟了印尼蘇拉威西地震、非洲查德湖地區人道危機、羅興亞難民危機、阿爾巴尼亞地震、巴勒斯坦人返鄉遊行抗議危機、斯里蘭卡復活節爆炸事件復原重建及日本哈吉貝強颱復原。

新冠肺炎疫情是場沒有煙硝的戰爭,它帶來了空前浩劫,同時也教人思考人類是否過度消耗了地球?我們除思考如何降低疫情、減少傷亡外,更要共同維護地球的生態。若大家能深刻省思徹悟,也許是新冠危機帶給地球村的正面意義。

時序更迭,^{清峰}即將卸任。回首8年來,在理監事、同仁及志工們支持下,大家全力以赴,仰不愧於天、俯不怍於人。^{清峰}期許全體夥伴在新冠肺炎肆虐全球之際,團結合作、全心奉獻,共同延續人道主義的命脈!

Love and Humanitarian Aid Beyond Limits

As 2019 coming to an end, a few pneumonia cases were reported by Wuhan, Hubei Province. Soon after, these few cases became the COVID-19 pandemic, spreading over 186 countries and regions with more than 3.61 million confirmed cases and over 250 thousand deaths worldwide. My colleagues and I have been devoting to the implementation of COVID-19 precautionary and control measures since the Lunar New Year. Being a longstanding humanitarian organization, this is our obligated mission and is also our philosophy of "humanitarian aid first" that Taiwan Red Cross has always upheld.

Taiwan Red Cross has been working on the amendment of the Articles of the Red Cross Society of the Republic of China ever since the abrogation of the Red Cross Act of the Republic of China in July 2016. Besides Article 11 and 37, the Ministry of the Interior has approved the rest of the articles on 7th October 2019. The amendment aims to strengthen the spirits of the Red Cross Movement and transform TRC's organizational structure, which is a major transformation in 65 years.

With a purpose of providing protection to humanitarian aid workers, the emblems of the International Red Cross and Red Crescent Movement, under the Geneva Convention, are exclusive for staffs and volunteers of the National Societies. However, the Red Cross emblem has been frequently misused in Taiwan, and the general public is also accustomed to it, which has undermined the specific purpose of the emblem. In order to rectify the misuse of the Red Cross emblem, TRC has been actively reporting the misuse cases. More work still needs to be done to push the government to make a legislation to protect the emblem.

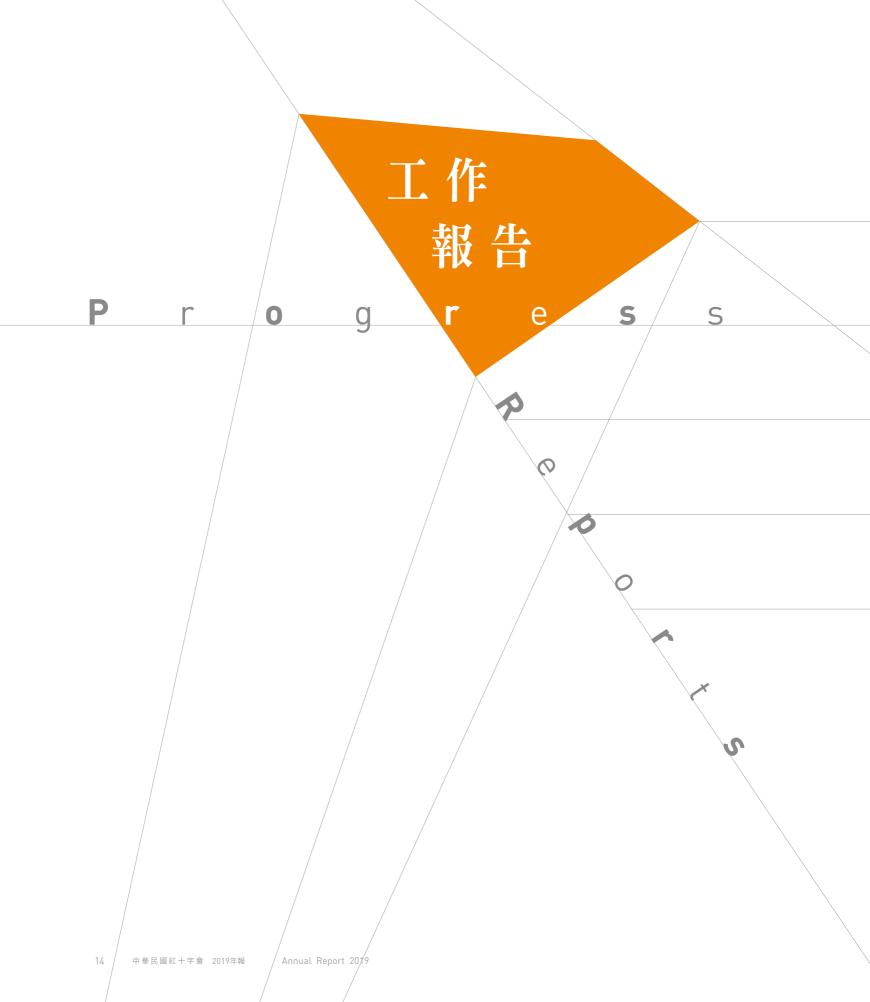

Looking back over the past year, Taiwan Red Cross had completed the Hualien Disaster Preparedness Center, and we are now in the open tendering stages for the construction of the Greater Taipei Area Disaster Preparedness Center. We are also wrapping up the 0206 Hualien Earthquake and the 311 Tohoku Earthquake disaster relief projects. In 2019, we undertook the Taipei City Government Department of Social Welfare's Children Water Safety Competence Campaign and had successfully completed the project. The Affiliated Long-term Care Home Service Agency will be established this year. We have also launched the 210 first aid training sessions for elderly and family care attendants of the Senior Safety Maintenance Program supported by the United States Agency for International Development (USAID)'s grant.

In the sector of domestic and international disaster relief, TRC joined in rescue efforts of the Nanfang'ao Bridge collapse incident on 1st October and offered condolence payments to bereaved families. We contributed to the relief efforts of the 2018 Sulawesi earthquake and tsunami, the humanitarian crisis in Africa's Lake Chad Basin, the Rohingya refugee crisis, the 2019 Albania earthquake, the 2018 Great March of Return protests, Sri Lanka's Easter Bombing Recovery and Restoration Campaign, and Japan's Typhoon Hagibis recovery project.

The COVID-19 pandemic is a war without ammunition. It brings an unprecedented catastrophe to human civilization, forcing us to introspect if we have overconsumed our Mother Earth. Besides making plans to control and prevent the spread of COVID-19 and reduce death rate, we must also work together to protect the Earth's ecosystems. Coming to a deeper understanding of life might be a gift that COVID-19 crisis can bring to this global village.

Time flies like an arrow, and it is about time for me to resign from my position. With the support of TRC directors, supervisors, colleagues, and volunteers, our staffs and I have made an all-out effort over the past 8 years. The COVID-19 pandemic is raging across the world, and I hope everyone can cooperate and unite in solidarity to help the fire of humanitarian works continues to spark!

2019 年急難救助個案轉介來源

Sources of Emergency Aid Case Referrals in 2019

Peace is a blessing, but accidents are sometimes inevitable. Taiwan Red Cross has always adhered to the principles of offering timely assistance and helping the starving but not the poor. When sudden and unanticipated events occur, TRC is here to offer timely assistance to families that may have abruptly lost their source of income, help them meet urgent needs, and give them hope to start anew.

Endless compassion: teaming up with corporation and NGO to support the disadvantaged

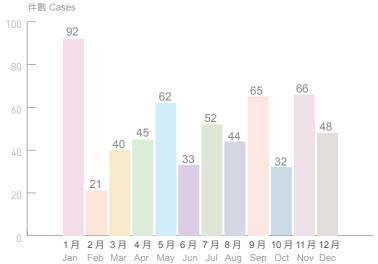

In 2019, TRC audited 600 emergency assistance cases, granting a total of NTD 2,986,000 in assistance to 279 households (which included six-month assistance packages for 4 urgent-needs families).

During the Lunar New Year, TRC Headquarters collaborated with branch offices across the nation to send warmth and provide assistance to disadvantaged families. TRC offered pertinent assistance in the form of New Year dishes or scholarships to encourage these families to continue to stay optimistic in the face of hardship!

Since 2015, we collaborated with Shin Yeh Co., Ltd. in a charity sale of New Year dishes to provide NTD 300,000 for 15 urgent-needs families, warming their winter. In 2019, the Grateful Social Welfare Foundation contributed NTD 1,500,000 to support TRC's emergency assistance and skill developing programs.
